

Family Service and Picnic 19th June 2011

On the 19th June, there was a family service to give thanks for all the things we have. It was a really fun experience where leaders of youth groups and some members talked about all the activities that they were thankful for. We had a board where previous groups had added hands of what they were thankful for in their clubs. Then the Church members had a chance to write on little pink heart slips about what they were thankful for in general. The most popular one was 'cookies' ☺. The board looked colourful and the thankyou's were full of friends, family, clubs and our leaders, who provided activities for youngsters. It was a great atmosphere and everyone had a great time with the sticky notes of love.

After the service, families were invited to St Mary's School for a picnic where, weather permitting, there would be games and food. Well, the eating part happened, but as a game of rounders was about to start, the weather decided otherwise and it started to rain, and so we had to move inside. However, we did do some fun games inside; the most competitive and popular one was the team game of hitting the ball inside a pair of chairs. The Rector had fun beating everyone, but altogether it was a great game. The picnic has been popular every year and this year was just as fun, with games, cakes and laughs.
