## **Practice Guidelines for Keeping our Children and Young People Safe**

**Revision 7: October 2018**

**Next Review Date: October 2019**

Policy and Guidelines will be reviewed by Children and Youth Committee each year and the revised document put before the PCC in November of each year.

# Saffron Walden Parish Church Council Guidelines for Keeping our Children and Young People Safe

These guidelines apply to all groups and events involving children and young people (up to 18 years of age) for which Saffron Walden Parish Church Council (PCC) is responsible. The PCC acknowledges that it does not work in isolation but as part of the wider structure of the diocese, the police and social care.

Children and young people attend our services and events, with and without their parents or other adults with responsibility for their care. These Guidelines aim to safeguard children and young people at all activities held in the name of the church. However, some requirements included within these Guidelines relate specifically to children and youth groups for which PCC is responsible. These include:

- Team JC
- Aftershock
- Joyful Noise
- Junior Choir
- Choral Scholars
- St Mary's Tinies
- Tuesday Tea Time (T3)
- Brass group – Junior members
- Bell ringers – Junior members

## **Summary of responsibilities of Saffron Walden PCC under these Guidelines**

1. PCC will appoint a Parish Safeguarding Representative (Children and Youth) (PSR-CY) and each daughter church committees will appoint a safeguarding representative.
2. PCC will acknowledge the value of our Children and Youth Leader, PSR-CY, Group Leaders, Leaders and volunteer helpers working with children or young people with prayerful support, regular thanks and the provision of funding for salary, training and resources where applicable.
3. The Children and Youth Committee (CY committee), a committee of the PCC, will approve the appointment of all Group Leaders and Leaders following confirmation from the Rector as to their suitability.
4. Group Leaders and Leaders will be supported by the Children and Youth Leader and/or a member of the clergy / PSR-CY as appropriate, especially during their probationary period.
5. To ensure that Group Leaders, Leaders and volunteer helpers are represented on relevant PCC committees, Group Leaders will be members of the CY Committee and the Chairman

of the CY Committee will be a member of the PCC. The CY Committee will ensure that development and training arrangements for Group Leaders, Leaders and volunteer helpers are properly considered, and will make recommendations to the Team Rector and the PCC with regard to any particular actions required

6. The PCC will ensure that adequate insurance cover is provided for approved church activities with young people.
7. The PCC may approve the use of church premises for private tuition provided that it is clear that such lessons are a private arrangement between the tutor and the family of the pupil. The PCC will refuse the right to use church premises for private tuition if concerned that the same child safeguarding standards will not be applied as required if such tuition were being carried out under the auspices of the church.
8. The PCC will ensure that groups hiring the church premises will sign to say they agree to abide by the PCC's Safeguarding Policy and are appropriately insured.

## **Contacts**

In addition to the contacts listed at the Parish and Diocese level, the Parish Safeguarding Representative (Children and Youth) (PSR-CY), the Children and Youth Leader or the Children and Youth Committee Chairman can be approached for help or advice.

1. PCC Policy Statement on Recruitment of Ex-Offenders

# 1 Introduction

## 1.1 *The purpose of this document*

Children and young people are valued members of the church. They are also among the most vulnerable, so their care and nurture is one of the most important ministries of the church. Most of the people who work with children and young people are volunteers but this does not diminish the importance of having high standards to ensure the safety and wellbeing of the youngsters in our care and the protection of those who work with them.

This document sets out the practice guidelines that are to be used to achieve our aim of protecting children and young people and their leaders while they are involved in church activities.

The document describes best practice, including minimum legal requirements. Reference material and required standard forms are attached as appendices.

**This document is required reading for the clergy, the PCC and all people working with young people on behalf of the churches in The Parish of Saffron Walden.** This document will be reviewed by PCC annually.

## 1.2 *Policy and scope*

It is our responsibility as a church to keep our children and young people safe when they are undertaking activities held in the name of the church. We will also work to help and support families through difficult times and make sure that the church is a safe place and source of help for children in trouble.

The Team Rector and the PCC are ultimately jointly responsible for ensuring that these guidelines are followed by all groups and in all events involving children and young people in the name of the churches in the parish.

Non-church groups using parish premises will be asked to confirm that they agree to abide by the PCC's Safeguarding Policy, will fulfil their own safeguarding responsibilities and are adequately insured.

Group Leaders assisted by their Leaders must carry out the mandatory requirements applicable to their activities. In addition, all Leaders and helpers should study this document and aim to adopt all of the best practice described. If changes are made for practical purposes, these should be equally safe.

**It should be understood that failure to follow the mandatory requirements and to take any necessary actions could open the PCC to a legal claim if a child came to harm while taking part in a church activity and could also have insurance implications should a claim need to be made.**

## 2 Safeguarding Representatives

The PCC will appoint a Parish Safeguarding Representative (Children and Youth) (PSR-CY). Together with the Parish Safeguarding Representative (Vulnerable Adults), the PSR-CY will fulfil the role of the Parish Safeguarding Officer referred to in the PCC Safeguarding Policy. The job description is in Appendix 4.

Each daughter church committee will appoint a safeguarding representative. The job description is also included in Appendix 4.

## 3 Group Leaders, Leaders and helpers

A well-organised group with high-quality activities and teaching is as important to the welfare of children as a safe physical environment. Appointing suitable leaders is of paramount importance and the PCC acknowledge the value of their work with prayerful support, regular thanks and provision of funding for training and resources.

### 3.1 *Definition of terms*

For the purposes of this document, the following definitions apply.

1. Children and young people are defined as those less than 18 years of age.
2. A Group Leader is someone who has overall responsibility for a particular group. **At least one Group Leader must be identified for each group.**
3. A Leader is someone who assists regularly with a group. This includes those who have frequent, regular or irregular contact with children or young people or those who can have sole supervisory responsibility. A leader will generally require a DBS check.
4. An adult volunteer helper is anyone who assists with a group on an infrequent basis and does not have sole supervisory responsibility. They perform roles such that a DBS check is not required to be carried out (see Appendix 3) but safer recruitment procedures should be followed (see 3.2 below).
5. A potential adult volunteer helper is someone interested in becoming an adult volunteer helper.
6. A junior/teenage helper is a young person who helps with the running of a children's or young people's group or activity, but who can never have sole supervisory responsibility (see section 3.5 below), and therefore cannot be included as an adult in staffing ratios.
7. Sole supervisory responsibility is understood to mean a single leader running an activity in a room separate from other leaders, but within near hailing distance of other leaders. It does not mean running an entire group alone.
8. For definition of Regulated Activity, see flow chart (Appendix 3).

### ***3.2 Appointment of Group Leaders, Leaders and volunteer helpers***

Great care should be taken when appointing Group Leaders, Leaders and volunteer helpers, even when they are well known. **The Team Rector will confirm the personal suitability of all Group Leaders, Leaders and volunteer helpers and the PCC will approve their appointment.** The PCC may delegate this approval authority to the Children & Youth Committee. The following must be considered when selecting new Group Leaders, Leaders and volunteer helpers.

1. Previous satisfactory experience of looking after or working with children or young people: if there is no such experience the Group Leader / Leader should be willing to undertake training and work under supervision for an agreed period e.g. 12 months.
2. The ability to provide safe and consistent care.
3. A willingness to respect the background and culture of the children in their care.
4. A commitment to treat all children/young people as individuals of infinite value, with equal concern.
5. Reasonable physical health, mental stability, integrity and flexibility.
6. Sufficient free time to carry out the work effectively and without undue detriment to other responsibilities.

When recruiting Leaders and volunteer helpers, Group Leaders should make clear at an initial discussion what the role will involve and what responsibilities are being asked to be undertaken. A written role outline should be provided and, for some roles, a written job description may be appropriate.<sup>1</sup> The PSR-CY should be informed about any such discussions so as to be able to track the safer recruitment process.

Recruitment of a Group Leader will require a more formalised recruitment process, even if the role is voluntary. A written job description will always be required for a Group Leader and the Team Rector and PSR-CY should be consulted.

**All Group Leaders, Leaders and volunteer helpers are required to complete a Children and Youth Group Leader or Leader Registration Form which includes a Confidential Disclosure Form (see Appendix 2).** This declaration form will remain confidential to the Team Rector, or his representative. The form will be retained in accordance with Church of England records management guidance. A DBS check may also be required (see paragraph 3.2).

All applicants must offer referees who have known them well for more than 2 years, only one of whom may be from the church community. The Team Rector will always take up references and may contact referees for further information. When approaching referees, it will be made clear that the person concerned will be working with young people or children.<sup>2</sup>

If a criminal record is disclosed, this will be handled in accordance with our Policy Statement on

<sup>1</sup> A suggested template is available on:

<https://www.churchofengland.org/more/safeguarding/templates-resources>

the Recruitment of Ex-Offenders (see Appendix 6). Note that advice will be sought from the DSA in these circumstances.

When the Team Rector is satisfied that nothing on the declaration forms or references gives cause for concern, this will be communicated to the PSR-CY. Assuming any DBS check that may be required similarly raises no issues, the PSR-CY will ask the C&Y Committee to consider approval of the individual on behalf of the PCC.

All new Group Leaders, Leaders and volunteer helpers will start with a six-month probationary period, which will include vetting of work and instruction by the Team Rector and relevant co-leaders. Following this, the CY Committee will consider full approval and make recommendations to the PCC.

The designated Group Leader may invite adult or teenage volunteer helpers (potential volunteer help) at his/her discretion to assist on an occasional basis. Examples might include asking parents to help out once per term to run a tuck shop or asking someone along ‘a couple of times’ if they are considering becoming a Leader or volunteer helper.

The potential adult volunteer helper **must** be previously known to the Group Leader or **must** be recommended by a third party whose judgement the Group Leader can trust. It must be emphasised that adult volunteer helpers **must never** be given sole supervisory responsibility and that they should always operate in the presence and under the direct supervision of a Leader or Group Leader. It should be noted that adult volunteer helpers may be used on day trips but should work under the direct supervision of a named Leader. These helpers should not work on trips involving overnight stays.

As soon as adult volunteer helpers have regular contact with the children or young people or perform tasks that require a DBS check to be completed, they will also need to complete the DBS form and process to become a Leader.

### ***3.3 DBS Checks***

The Disclosure and Barring Service (DBS) offers a system that enables police checks to be made for all adults who perform Regulated Activities with children and young people under the age of 18 and a DBS check for these adults is a legal requirement. For those eligible for a DBS check, see Appendix 3. Standard level of disclosure contains details of all convictions held on the Police National Computer, including both current and “spent” convictions as well as details of any cautions, reprimands or final warnings. Enhanced Disclosure will also involve a check on local police records.

If a DBS check is required, the Group Leader will raise this at the initial discussion and will inform the PSR of the person’s contact details so the PSR can contact them with information as to how to apply for a DBS check.

The PSR-CY will be notified when a certificate has been issued, with number and date of certificate. If the check does not produce a clear certificate, the PSR-CY must ask to see the certificate and will follow the process outlined in the Policy Statement on the Recruitment of Ex-offenders (see Appendix 6).

**Note that merely obtaining a DBS check is not sufficient for an adult to assist with groups involving children and young people. All the safer recruitment procedures in these Guidelines must be followed and approval from the Rector obtained before the adult can work unsupervised with children or young people.**

### ***3.4 Renewal of DBS checks***

The Church of England safeguarding advice requires a DBS check to be renewed every 5 years. The PSR-CY will keep a record of when checks are due to expire and will alert the relevant Group Leader. If the Group Leader wishes the person concerned to remain an active Leader, taking into account the considerations on initial selection in paragraph 3.2, they will discuss continued involvement with them before asking the PSR-CY to contact them with information about a recheck. A recheck will include a need to complete a further Confidential Disclosure Form but it may be decided that further references are disproportionate.

The PSR-CY will advise the Group Leader when a recheck has been satisfactorily completed. If the 5-year period expires in the intervening period, the person should not perform a Regulated Activity. If the re-check does not produce a clear certificate, the PSR-CY must ask to see the certificate and will follow the process outlined in the Policy Statement on the Recruitment of Ex-offenders (see Appendix 6).

### ***3.5 Junior helpers (anyone under 18 years old)***

Junior helpers should be given every encouragement but care should be used in deciding how much responsibility junior helpers can take. **They should never be given sole supervisory responsibility for a group, and should not count towards the ratios of adults to children (see 4.4 Supervision).** They may be asked to supervise small groups if there is an adult Leader in the same room, or in the next room and where the adjoining door is ajar. The parents/guardians of the junior helper should be informed that this situation might arise.

Sensitivity should be shown towards the pressure of homework, exams etc. and junior leaders should be given opportunities for their own spiritual development as well as the same training and support which is offered to the adult leaders as is appropriate.

Junior leaders do not need to complete the forms described in section 3.2 above.

### ***3.6 Supervision, support and training for Group Leaders and Leaders***

All Group Leaders and Leaders are required to undergo online Safeguarding Training and know who to go to if abuse is disclosed or they have other safeguarding concerns. Please note that training should be refreshed every 3 years. The PSR-CY will inform them of how to access such training and how to evidence satisfactory completion. Satisfactory completion of any initial training will be a factor taken into account by the C&Y Committee when considering the recommendation of full approval of a Group Leader or Leader to the PCC following the probationary period (see 3.2 above).

The level of training required will depend on the role, with Group Leaders and some Leaders being required to attend face-to-face courses. The PSR-CY will inform those for whom this is necessary and discuss availability of courses.

Each Group Leader, Leader or volunteer helper, however experienced, might need help or support, which will guarantee their own protection as well as protect the children. Group Leaders will oversee Leaders and volunteer helpers and a member of the clergy or the Children and Youth Leader will oversee Group Leaders.

Appropriate support and opportunities to discuss their work and to undergo training will be made available to both new and experienced Leaders and Group Leaders. The Diocese offers training that varies from day courses on specific subjects to an extended course for anyone working with children in the church. The Children's Officer can also provide training to particular specification. Other organisations like CPAS and Scripture Union also run training sessions.

Group Leaders should ensure that regular meetings are held where all the leaders plan and evaluate work for their group. Group Leaders, Leaders and volunteer helpers are represented on the Children & Youth Committee and on the PCC by the Chair of the Children & Youth Committee.

## **4 Organisation of children's and young people's groups**

The most brilliant ideas often collapse because of poor administration. Similarly, emergencies may occur unnecessarily because of lack of information. Group leaders should aim to provide the same standards of organisation and care as are required for activities taking place in school.

### ***4.1 Approval of Groups, Events and Activity Plans***

**Approval must be obtained from the PCC to set up a new group for children or young people, for one-off events involving children and young people from those groups and for ad hoc events and activities involving unaccompanied children and young people not registered with a group.**

**Approval is sought as follows:**

1. Make a proposal to the Rector
2. Consult the Chair of C&Y Committee / C&Y Committee
3. Chair of C&Y committee will take the idea to the PCC for agreement in principle. The level of detail in the proposal will depend on the nature of the proposal and more information will be required to set up a new group than for a routine outing by an established group.
4. Enter the activity in the church diary and ensure it has been countersigned by the Rector prior to the event. For regular group activities, the Rector's signature is only required for the first meeting.

If exceptionally, an event requires approval before the next PCC meeting, it may be approved in principle by the Standing Committee of the PCC. In this case the Chair of the CY Committee will liaise with the PCC Secretary to arrange the meeting.

**An Activity Plan must also be completed for all new groups and for all one-off events and ad hoc events. The Activity Plan must include all the elements listed in the Activity Plan form, including a Risk and Health & Safety Assessment (Appendix 2). Guidance on how to**

**complete a Risk Assessment is included in Appendix 2 accompanying the form.** Guidance about planning a residential trip can be found in the diocesan *Safeguarding Policy: practical guidance and resources* (see <https://www.chelmsford.anglican.org/safeguarding/safeguarding-policy-and-practice-guidance>)

**Send the completed paperwork to the Compliance Officer (currently Kate Ollerenshaw, [kate@ollers.com](mailto:kate@ollers.com)) for advice prior to submitting to the Rector for signature. Note that the Rector may overturn the outline approval from the PCC if the Activity Plan alters the nature of the undertaking.**

If an activity or event is to take place outside of the UK, advice on insurance must be obtained from the Church Wardens or Team Rector.

**IF THESE REQUIREMENTS ARE NOT MET THE ACTIVITY OR EVENT WILL NOT BE COVERED UNDER THE CHURCH INSURANCE POLICY.**

## ***4.2 Review of Activity Plans***

**All regular activities must be reviewed annually and a new Activity Plan must be completed. They should also be updated before activities involving new or additional risks are included. Activity plans for one-off and ad hoc events should be reviewed after the event so that improvements can be noted for the future.**

## ***4.3 Consent Forms***

**The Group Leader must adhere to the following for the running of any group.**

- 1. Consent forms including medical details must always be used when a child joins a group.** The general consent forms must be renewed annually or parents asked to confirm that the information and consents are up to date. If a parent/guardian has not signed this form (or any necessary part thereof), then the child concerned cannot participate in the group. Specimen consent forms can be found in Appendix 2.
- 2. Always keep a register with the address and contact phone number of every child.** This may be crucial in case of illness, a fire or a child not turning up.
- 3. When organising a one-off or ad hoc event, see that all participants book in advance using specific consent forms for the event even if the child or young person is already a member of the group.** This gives leaders a chance to prepare for the numbers and the age groups involved, and prevents children attending without the knowledge of their parents. It should also ensure emergency contact numbers for use during the activity and details of health conditions relevant to the specific activity are known. An outline information form, which can be adapted for any event, is provided in Appendix 2.
- 4. Records of any children and youth activities, group registers, activity plans and related risk and health and safety assessments and must be retained for 50 years to comply with Church of England Records Management guidance. Activity Plans,**

**including the risk and health and safety assessments, will be kept centrally in The Parish Child Protection Folder in the Parish Office. Group registers must be maintained by group leaders and any communication from parents (such as consent forms) or other parties in relation to the children and youth activities must be kept in the group register. Group Leaders should have regard to the Data Protection Guidance when keeping such records.**

## **4.4 Supervision**

### **4.4.1 Ratios**

**Staff ratios for all groups should be based on risk. However, for safety reasons, the minimum numbers outlined below must be adhered to. If there are not enough suitable adults then the event must not take place.**

**In any situation, there must always be a minimum of two adults who are DBS checked church approved leaders i.e. adult leaders, one of whom has overall responsibility.**

Consideration should be given to the gender balance of the group and for residential trips with mixed groups there should be sufficient adults of both genders.

**From this minimum level, adult numbers should be read off from the table below.** These figures are minimum numbers and more adults may be required depending on the activity. If there are any queries on this, the PSR-CY should be contacted.

Supervising adults (minimum 2)	Age of children	Maximum no of children	Ratio
2	0 – 2 years	6	1:3
2	2 – 3 years	8	1:4
2	4 – 8 years	12	1:6
2	9-12 years	16	1:8
2	13-18 years	20	1:10

Anyone under 18 cannot be included in staff ratios and should never be solely in charge of a group. Junior helpers also have to be considered as children in the staffing ratios.

The only exceptions to these requirements are set out in 4.4.2 and 4.4.3 below:

### **4.4.2 Group tuition or group activities**

Given the layout of the premises, there may be occasions when a single Leader will be required to take immediate responsibility for a group activity in a room (i.e. have sole supervisory responsibility). Examples of this might include running a cooking activity, taking a Sunday school class, running a team game in the hall. However, the following applies wherever possible.

- 1. Another Leader must be near and within hailing distance.** The other Leader need not be in the same room, but it must be possible to summon them rapidly. The children/young people must be informed that another Leader is available, e.g. in case of an accident.
- 2. The overall adult to child ratios must be adhered to.**
- 3. A group of children aged less than 16 years should never be left unattended.**
- 4. If the children are under 6 years of age, allowance should be made for the fact that a child may need taking to the toilet.**

#### **4.4.3 Individual tuition**

It is accepted that there will be occasions when it is necessary for a young person (e.g. chorister) to receive extra help or tuition, either on a one-to-one basis or within a group under the supervision of an individual Leader. This should only take place with parental consent. If such tuition is under the auspices of the church:

1. Written parental consent must be obtained. A covering letter or email should explain the type of tuition being given and invite the parent(s) to stay for the duration of each lesson. This consent is not required specifically for each individual occasion, rather it is acceptable for the parental consent to cover a series of sessions (e.g. on joining the junior choir or termly).
2. The Team Rector must be informed of the place and time of the tuition.
3. If there is any change to the circumstances under which such tuition is given and for which parental consent has been obtained, both the parents and the Team Rector must be informed
4. The Leader should inform a third party and will request that, wherever possible, someone else is within view and calling distance, especially if a parent decides not to stay for the duration of the tuition (see invitation to parent above). They will have a mobile phone with them.

If one to one meetings take place in a Leader's home, a parent should always accompany the child. If this cannot be arranged, the meeting must not take place in the Leader's home. Alternatively, meetings can take place at the child's home by arrangement with the parents.

#### **4.4.4 Private tuition**

**The church premises can only be used for private tuition (i.e. not in the name of the church) with the consent of the PCC, who will make it clear that such lessons are a private arrangement between the tutor and the family of the pupil. The tutor must still abide by the PCC Safeguarding Policy, comply with generally accepted safeguarding practices and ensure adequate insurance is in place.**

#### 4.4.5 Some mandatory practical requirements

1. **Never have only one adult with children or young people (except in the circumstances outlined above).** Should there be a need to be alone with a child, always tell another Leader or volunteer adult helper where you will be and for what purpose.
2. **Never arrange to meet a child away from the activity without a third party being present.**
3. **Do not at any time allow people who are not well known to the Leaders and have not received the necessary clearance to have unsupervised access to the children.**
4. **Keep aware that the interests of each and every child are paramount.**
5. Do not:
  - Invade an individual's privacy whilst washing and toileting.
  - Use any form of physical punishment.
  - Be sexually suggestive about or to an individual.
  - Scapegoat, ridicule or reject an individual or group.
  - Permit abusive peer activities e.g. initiation ceremonies, ridiculing or bullying.
  - Show favoritism to any one individual or group.
  - Allow an individual to involve you in excessive attention seeking.
  - Allow strangers to give children or young people and adults who may be vulnerable in the group, lifts.
  - Befriend children and young people on social media.
  - Take photographs on personal phones or cameras as this means that images are stored on personal devices.
  - Arrange social occasions with children or young people (other than events which also include adult family members / carers) outside organised group occasions
6. Touch can be acceptable in some circumstances but always
  - Ask permission
  - Keep everything public
  - Ensure that touch is in response to the child's needs and not your own
  - Avoid physical contact that could be construed as sexual and/or abusive / offensive
  - Allow the child to determine the level of physical contact (unless e.g. they need medical attention).
  - Discourage children from touching your face or sitting on your lap.
  - Avoid touch if a person is very distressed and unlikely to tolerate it.
  - Monitor others to ensure touch remains appropriate.
7. **Speak to the PSR-CY immediately about any concerns regarding another Group Leader, Leader or adult not complying with these guidelines.**

#### 4.5 Safety

The group leaders and leaders are responsible for the physical safety of children in their care.

1. **The premises should be safe and well maintained** – any safety concerns or hazard (e.g. damage, defect, dangerous objects, blocked exits, etc) on church premises should be reported to the Church Wardens or to the Parish Office, so that repairs can be made.

Safety concerns / hazards relating to off-site premises should have been noted on the Activity Plan (and associated risk assessment) and steps taken to mitigate them.

2. **All Group Leaders, Leaders and adult helpers should be familiar with the location of emergency exits and fire evacuation procedures.** If a group meets regularly on church premises, a fire evacuation drill should be conducted on a regular basis (e.g. once a term), and details must be recorded in the group register.
3. **One person, preferably qualified, should be assigned to take charge of all first aid matters – this person should know how to rapidly summon expert help. For remotely located activities, e.g. orienteering, a trained first aider must be present and all involved in the activity must know who this person is. There must be a properly stocked first aid kit on the premises and also one available for outdoor activities. Medicines must be kept out of reach of children. First Aid kits in the church and Parish Rooms are refreshed regularly. First aid should be administered with others around.**
4. **Children must not be allowed to leave the organised activity to pursue their own interests at any time. If anyone leaves the premises before the end of the activity, a parent or carer should be contacted immediately.**
5. **Children must not be allowed to go home without an adult unless the parent has specifically informed the group leader, in person or in writing, that they may do so. In addition, children must not be allowed to go with another adult unless the parent of the child has specifically informed the Group Leader that this will be happening.**
6. **Outings should start and end at the church. All Leaders should carry a mobile phone with the numbers of all accompanying adults stored on it (or easily accessible). The Group Leader should carry a list of details of all children at all times, including emergency medical information and contact details for parents. Group Leaders and Leaders should not consume alcohol on a trip, even when off duty. A list of contacts and outline of arrangements must also be left with someone remaining locally.**
7. **If private cars are used for an outing, the drivers must be properly insured and have valid driving licences.<sup>3</sup> If a minibus is used, the driver must have undertaken driving training and there must be at least one other adult in the minibus.**
8. **Drivers must comply with the law in relation to seatbelts, child seats and booster cushions and at no time should the number of those travelling in a vehicle exceed the designed passenger numbers. Transport with seat belts must always be used, and seat belts must be worn. Group Leaders should ensure parents / guardians of children to be transported are aware of the specific transport arrangements<sup>4</sup> and parents / guardians should be asked to provide child seats and booster cushions where necessary.**

---

<sup>3</sup> A template form asking for confirmation of this is available on:

<https://www.churchofengland.org/more/safeguarding/templates-resources>.

<sup>4</sup> A template form recording agreement to these arrangements is available at:

<https://www.churchofengland.org/more/safeguarding/templates-resources>.

9. **No driver may be alone in a car with a child other than his or her own. If in an emergency a driver has to transport one child on his or her own, the child should sit in the back of the vehicle and this occurrence must be documented and reported to a supervisor.**
10. **Other than in exceptional circumstances as set out in the paragraph above, there should be a non driving adult escort as well as the driver.**
11. Consider if it is appropriate to document ground rules agreed by the entire group regarding unacceptable behaviour, including bullying, harassment and appropriate boundaries in advance. This is recommended for overnight trips but may be sensible more generally.

#### **4.6 Further advice**

Further advice on setting up and running groups can be obtained from the Children and Youth Leader employed by PCC, the nominated PSR-CY or the organisations listed in Appendix 1.

## **5 Reporting of Accidents, Incidents and Safeguarding Concerns**

### **5.1 Safeguarding Concerns**

Safeguarding allegations may be about something that is going on now, something that may happen in the future, or something that happened in the past. ALL must be treated seriously.

If you are unsure whether something you observe or are told about is harmful or abusive, or you don't know what you should do regarding a safeguarding situation, consult with the PSR-CY or the Diocesan Safeguarding Team for advice, support and guidance as soon as possible.. Contact details are given below under 'Taking Action'.

A flowchart summarizing action is included in Appendix 5.

#### **5.1.1 Emergency situations**

Most safeguarding situations in the church context are not emergencies, but if:

1. A child or adult needs immediate medical help, or you believe a crime is being or likely to be committed call the Emergency Services on 999 and ensure that the services that respond are informed of your safeguarding concerns. To contact your local police station, please call 101.
2. You believe that a child or adult would be in danger to return home, or they do not want to return home, and you are concerned for their safety, call the Emergency child/adult social care team (see details of LADO and out of hours social care in "Taking Action" below), or the police and seek their help or intervention.

#### **5.1.2 Other situations**

All types of disclosures or concerns regarding abuse or concerns **MUST** be taken seriously.

Remember the following essential points (Contact details are given under Taking Action):

- Respond well to the victim / survivor, if it is a direct disclosure to ensure they feel listened to and taken seriously. Explain what will happen next and check out support requirements. They should be informed that their identity and the identity of the person about whom a concern or allegation has been raised will be shared with key church officers and may be shared with the statutory agencies if there is any current risk to children or adults. The concern or allegation should not be shared with anyone other than those who need to know.
- Contact the PSR-CY or the Rector in the first instance. They must then contact the Diocesan Safeguarding Adviser (DSA). If neither the PSR-CY or the Rector are available, contact the DSA directly. If the concern arises in an activity, discuss with the Group Leader, who will contact the PRS-CY or Rector (unless the concern or allegation involves the Group Leader).
- Any safeguarding concern must be reported to the DSA within 24 hours. If the DSA is not available, contact Childrens' Social Care and/or the police immediately.
- Contact the Local Authority Designated Officer (LADO) and/or police if the concern is that a church officer may be abusing a child. Contact the PSR-CY or Rector as soon as possible if you make a referral and they will advise the DSA. **If in doubt, don't delay – seek advice from the statutory agencies.**
- Do not contact the person about whom the concern or allegation is made, even if they would normally be contacted as part of the procedure, until advice is sought from the DSA or statutory agencies.
- Record the details of the concern or allegation. Where it is not appropriate to take notes at the time (usually it will not be), make a written record as soon as possible afterwards or before the end of the day. Record the time, date, location, persons present and how the concern or allegation was received, e.g. by telephone, fact to face conversation, letter etc. The record should include details of information provided to that person as well as the information received. Always sign and date the record. Keep it factual. Pass on a copy to the DSA (and/or the PSR-CY or Rector). The records should be kept secure and confidential. A form is available in Appendix 2.

#### **5.1.4 Guidelines for responding to a person disclosing abuse**

##### **Do**

- Listen.
- Take what is said seriously.
- Only use open questions (open questions begin with words like: who, what, when, where and how. Open questions cannot be answered with a 'yes' or 'no').
- Remain calm.
- Take into account the person's age and level of understanding.
- Check, if face to face, whether they mind you taking notes while they talk so you can make sure you capture the information accurately. At the end you can check with them that you have understood everything correctly.
- Offer reassurance that disclosing is the right thing to do.
- Establish only as much information as is needed to be able to tell your Group Leader / PSR-CY / DSA and statutory authorities what is believed to have happened, when and where.
- Check out what the person hopes to result from the disclosure.
- Tell the child or adult what you are going to do next.

##### **Don't**

- Make promises that cannot be kept (e.g. that you won't share the information).
- Make assumptions or offer alternative explanations.
- Investigate.
- Contact the person about whom allegations have been made.
- Do a physical or medical examination.

##### **Record**

- Make some very brief notes at the time, if appropriate, and write them up in detail as soon as possible.
- Do not destroy your original notes in case they are required by the DSA or the statutory authorities.
- Record the date, time, place, words used and how they appeared to you. Record the actual words used, including any swear words or slang.
- Record facts and observable things, not your interpretations or assumptions.
- Don't speculate or jump to conclusions.

### 5.1.5 Support

Safeguarding situations in the church setting can be complicated. The DIOCESAN SAFEGUARDING ADVISERS will co-ordinate arrangements for support so please let them know if you, or anyone else involved, need support

## 5.2 Accidents / Incidents

In the event of an accident (or near miss), either on-site or off-site, please complete the accident book. These are located in the Parish Rooms (by the First Aid kit) or in the Clergy Vestry.

Please tear out the relevant page(s), place in one of the envelopes provided, address "FAO the Church Wardens" and post in the Parish Office post box.

For accidents causing significant injury, please telephone one of the Church Wardens. Currently they are Denis Tindley and Gill Caswell. Their numbers are on the noticeboards outside church and outside the Parish Rooms as well as by the accident books.

If an accident may require a pastoral response, please contact the Rector as soon as possible. Any follow up action should be discussed with the Rector and/or Group Leader.

## 6 Use of Images

**Parental/guardian consent must be obtained and the consent of the child / young person should be obtained where feasible before taking and before using images of children and young people. Consent from the child may be verbal but consent from the parent / guardian must be in writing.** The issues are the same for still photographs and films; they also apply to audio clips of individuals. All these media types are referred to collectively in this policy as images.

**When images are taken of children and young people it is the responsibility of the Group Leader or event organiser to ensure only appropriate images are taken and to pass only images for which consent for use has been obtained to the press officer and church website manager, specifying any restrictions on use if applicable. Images used to publicise events should be up to date and reflect the children and young people currently in the Group as far as possible. Images should not be re-used without checking with the relevant Group Leader that the consents remain applicable and/or it is appropriate to re-use them.**

**For events that take place on church property or elsewhere, when organised by the church, and where parental consent forms are not required because the parents are present (e.g. the church picnic), parents attending must be told that they should let the organiser know if they do not want their children to be included in photographs taken at the event. If the organiser does not make this request at the event, no photographs will be passed to the church website manager and none will be published.** A standalone consent form is available (Appendix 2) for the use of images of children not associated with a group or not at a group activity.

In cases of a general photograph of a public event, such as the church fete, where no individual or group of people is the focus, prior consent is not practical and therefore not required. It is still appropriate to consider carefully where and how the image should be displayed.

## **7 E-Safety-Electronic communication, Social Media and Internet guidance**

Electronic communication has become enormously important and popular. It is an easy way to communicate with young people in particular. However, there are dangers associated with electronic communication that call for vigilance:

1. Electronic communication is often an extremely informal mode of communication which can create the potential for communication to be misunderstood.
2. Because of the informal style of electronic communication, adult group leaders and leaders can easily cross appropriate boundaries in their relationship with children and young people.
3. Some adults who are intent on harming children and young people choose to use electronic communication as a way to meet and groom children and young people.

The PCC must approve the use of social media and mobile phones by the church. Where there are Facebook or similar online groups set up on the church's behalf, the PCC must ensure there is a **named person** to whom all workers are accountable. The named person must be a church officer, who should be a colleague or supervisor, and should be aware of the account name and password so that they can at any time log on to the account to monitor the communications. The named person should be proactive in fulfilling this role.

Communications must be shared with the named person. Church officers remain bound by professional rules of confidentiality. Where there is concern that a young person or adult is at risk of abuse, or they themselves pose a risk of abuse to others, safeguarding procedures must always be followed.

### **DO**

- Have your eyes open and be vigilant.
- Maintain the upmost integrity – honesty, transparency, consistency and accountability are key. Treat online communication with children, young people and adults as you would communication that is face to face. Always maintain the same level of confidentiality.
- Report any safeguarding concerns that arise on social media to the PSR-CY and the DSA.
- Always assume that everything you write is permanent and may be viewed by anyone at any time; that everything can be traced back to you personally as well as to your colleagues or the church. Always think before you post.
- Draw clear boundaries around your social media usage associated with your private life and your use of different social media for public ministry. Keep church account/s and profiles separate from your personal social media account/s e.g. only use a Facebook page, Twitter or blogs for public ministry, while keeping a separate Facebook profile for private life.
- Always ask parents/carers for written consent to:

- o Use and store photographs of children/young people from activities or events in official church publications, or on the church's social media, website and displays.
- o Use telephone, text message, email and other messaging services to communicate with young people.
- o Young people connecting to the church's social media pages.
- Only use an approved church/ministry account to communicate with children, young people and/or vulnerable adults. The named person should be able to access this and review conversations, and the account should be visible to young people and their parents. Young people must be made aware that any communication will be viewed by all users. Save any messages and threads through social networking sites, so that you can provide evidence to the named person of your exchange when required.
- Avoid one-to-one communication with a child or young person.
- Use clear and unambiguous language in all communications and avoid abbreviations that could be misinterpreted.
- Save and download to hard copy any inappropriate material received through social networking sites or other electronic means and show immediately to the named person, PSR-CY, Rector or, if appropriate, DSA.
- Use passwords and log off promptly after use to ensure that nobody else can use social media pretending to be you.

## **DO NOT**

- Use a personal Facebook or any other social media account in your work with children, young people or vulnerable adults.
- Add children, young people or vulnerable adults as friends on your personal accounts.
- Facebook stalk (i.e. dig through people's Facebook pages to find out about them).
- Say anything on social media that you would not be happy saying in a public meeting, to someone's face, writing in a local newspaper or on headed notepaper.
- Comment on photos or posts, or share content, unless appropriate to your church role.
- Use visual media (e.g. Skype, Facetime) for one to one conversations with young people, use only in group settings.

## **In particular, do not allow content to contain or share links to other sites that contain:**

- Libellous, defamatory, bullying or harassing statements.
- Breaches of copyright and data protection.
- Material of an illegal nature.

- Offensive sexual or abusive references.
- Inappropriate language.
- Anything which may be harmful to a child, young person or vulnerable adult, or which may bring the church into disrepute or compromise its reputation.

Wherever possible, church officers should be supplied with a mobile phone dedicated for work purposes. This allows for the phone to be switched off outside working hours, and for usage to be accountable. This means that the work phone number is the only number that young people or adults are given, and the church officer's personal number can remain private. Texts or conversations that raise concerns should be saved and passed on to the named person or the PSO/incumbent (or if unavailable the DSA).

Note that guidance on sexting is available.<sup>5</sup> Sexting is defined by the NSPCC as when someone shares sexual, naked or semi-naked images or videos of themselves or others, or sends sexually explicit messages. Some children and young people may refer to sexting as:

- trading nudes
- dirties
- pic for pic.

## 8 DVDs

**Parental consent must be obtained if a film clip or film with a BBFC certificate of 12, 12A, 15 or 18 is planned to be shown to those who are younger.** The event consent form should advise parents of the title of the film with a brief outline of what will be shown and why. If consent is not given, there must be adequate supervised activities provided in another room with appropriate adult ratios. The Group Leader should also check that the film is covered by the church copyright arrangements. Ask the Parish Administrator for more details.

## Why, When and How to do a Risk Assessment

A risk is the chance, great or small, that someone will be harmed by a hazard. A hazard is anything or anyone that could cause harm e.g. high stacks of chairs, uneven floors, unsafe electrical equipment, blocked fire exits, missing light bulbs, overfilled cupboards, high shelves, unknown workers, working in unsupervised situations, lifts in cars, challenging behaviour, smoking and drinking, etc.

### What is a risk assessment?

A risk assessment is a careful, systematic assessment of potential dangers which may be encountered as a result of planned activities. By identifying potential dangers you can plan to reduce or eliminate risk.

### Why do a risk assessment?

There is no such thing as a risk-free environment. However, we should organise our activities so that any potential dangers are identified and minimized, reducing any risk to children, vulnerable people and workers.

### When to do a risk assessment

Risk assessments should be completed for all new and existing parish activities where children and/or adults are present. Review your risk assessment at regular intervals to include any additional risks.

### How to do a Risk Assessment: The Five Steps to Risk Assessment

#### Step 1 – Identify the hazards/dangers & injuries which may result

- Walk round the building/venue looking out for things or situations that could be reasonably expected to cause harm
- Ask other people – including vulnerable people - about what they think could cause harm
- Identify what injuries might result from the identified risks

#### Step 2 - Identify who might be harmed/vulnerable

- Children & Young people, including those with additional needs
- Adults who may be vulnerable, including those in wheelchairs; the partially sighted or blind; the hearing impaired; those who walk with a stick or frame; the mentally ill or learning disabled
- Visitors/parents/carers
- Leaders/organisers
- Members of the public

#### Step 3 - Identify the risks and what can be done to remove or reduce them

- What is the likelihood and potential severity of any injury - scale of 1 (low) to 3 (high)? Multiply these factors to assess a risk rating.
- Use the Risk Assessment Form to assess whether existing precautions are sufficient
- What else can be done to reduce the risk, control or remove the hazard/danger?
- Use the Risk Assessment Form to work out the risk both before and after you have taken action to reduce the risk

#### Step 4 – What are your findings? What do you need to do?

- Use the Risk Assessment Form to record your findings (each hazard should be recorded)
- Any remedial action taken to minimise/remove the risk to the lowest level possible should be recorded
- Submit it for approval in advance of your activity following the procedure in these Guidelines.

#### Step 5 - Revise and evaluate your risk assessment regularly

- Complete a fresh risk assessment at least annually, and before new or one-off activities begin

*You may find the following checklists from [www.ecclesiastical.com](http://www.ecclesiastical.com) helpful in preparing your risk assessment – they are for general guidance only.*

### **Planning events – risk assessment checklist**

Ensure the venue is suitable – check the health and safety risk assessment for the building if there is one – a copy of the assessments for St Mary’s Church or Parish Rooms is available from the Parish Office.

Risk assessments must be carried out for fire and health and safety risks.

#### Consider crowd control

Including parking arrangements, having stewards to direct visitors, checking exits and deciding how visitors will be evacuated in an emergency.

#### Plan first aid provision

This will be based on the numbers attending and the nature of the activities. It may range from a simple first aid box to a number of trained first-aiders.

#### Consider food and drink provision

Food hygiene and the requirements of the Food Safety Act 1990 and the Food Hygiene Regulations 2006 must be considered. Where cooking takes place, a check should be made on the method of heating and its associated hazards, e.g bottled gas and deep fat fryers. Consider how you will deal with food allergies.

#### Take care with bouncy castles

They are a major cause of injury to children. Read our safety advice and instructions if you're planning one for your event.

#### Check external contractors

Companies providing fairground rides or amusements must have adequate public liability insurance. It is your duty to check this before the event.

#### Animals

If animals feature as part of the event (donkey rides, pet shows, obedience trials, for example), there needs to be adequate separation between the public and the animals, and provision must be made for the welfare of the animals and their supervision.

#### Cash handling

Consideration must be given before the event to the handling of cash and the security of those involved in collecting and banking money. Every stall or attraction should be provided with a cash box of some kind, a float will be required for each cash collection point and takings must be removed regularly and placed in a secure place during the course of the event.

#### Tower tours

Members of the public entering for the first time will not be aware of potential hazards. Take a look at our tower tours checklist to help identify the main hazards and the control measures that can be taken to reduce the risk.

#### Dangerous activities

In the event that any dangerous activity is to be organised, you must take all reasonable steps to ensure the safety of participants as far as possible. Many of these activities are operated through Codes of Practice, Health and Safety Executive Guidelines and Guidance

Notes, Trade Association guidelines and Government regulations.

In the event that any dangerous activity is to be organised, Ecclesiastical must be advised as Public Liability cover will not be automatic. For a list of dangerous activities, see our Functions Guidance notes.
